Five Pillars of PQMD

1. DONATION GUIDELINES

The "PQMD Guidelines for Quality Medical Product Donations" are a set of guidelines for health supply and service donation across the globe.

- Foundation of PQMD.
- Influence and assure high standards of donations.
- Updated annually and approved by board.

2. HUMANITARIAN ASSISTANCE

Members donate and deliver hundreds of millions of dollars' worth of medical products and services each year for humanitarian assistance in the U.S. and around the world.

- Coordination between and among members.
- Assistance to most vulnerable communities.

3. DISASTER RESPONSE

When a catastrophe strikes, members are among the first to respond with health-saving contributions, with short-term emergency aid to communities.

- Initiate process of rebuilding healthcare infrastructures.
- Address the complex logistics of any situation efficiently and effectively.
- Ensure health needs of disaster-affected populations are quickly met.

4. HEALTH SYSTEMS STRENGTHENING

Members are recognized as leaders in their industry or field of practice, making them optimally positioned to:

- Advance service delivery, to disseminate health workforce information.
- Develop, donate, and deliver medical products and technology to build resilience and empower communities.

5. KNOWLEDGE AND INNOVATION

Members consistently share best practices in the medical donations field. Initiatives include:

- Annual Global Health Policy Forums and Educational Forums.
- Studies to better understand issues, activities, and trends regarding medical donations.
- Online Community of Practice (CoP) to share knowledge, innovations, and best practices in the field.
- Measuring for Success Initiative aimed at improving and standardizing the measurement and evaluation of medical donations, and establishing universal metrics for impact assessment.

Benefits of PQMD Membership

PQMD IS THE LEADING ORGANIZATION FOR CORPORATIONS AND NON-PROFITS CONCERNED WITH IMPROVING THE STANDARDS OF DONATING AND DELIVERING HEALTH PRODUCTS AND SERVICES ON A GLOBAL SCALE.

AFFILIATION WITH REPRESENTATIVES OF LEADING CORPORATE AND NON-PROFIT ORGANIZATIONS

Members of PQMD become part of a community of practice populated by highly respected organizations. Member representatives are experts in their fields and work in collaboration to share experience and knowledge, learning from each other in a trusting and confidential environment.

RECOGNITION AS A MEMBER OF A GLOBAL HEALTH AUTHORITY

PQMD is a recognized thought leader in the field of medical product donations. The "PQMD Guidelines on Quality Medical Donations" were developed and are maintained in concert with the World Health Organization's (WHO) "Inter-agency Guidelines for Medicine Donations." Additionally, PQMD is accredited by the American National Standards Institute (ANSI) as a "Standards Development Organization."

MANAGEMENT OF THE PQMD GOVERNANCE STRUCTURE

PQMD is a member-driven organization. As chairs or participants in any internal committee, member representatives have many opportunities to provide leadership in developing and implementing PQMD policies and programs.

ENGAGEMENT IN STRENGTHENING BEST PRACTICE GUIDELINES

Through service on committees, member representatives have the opportunity to share experiences and knowledge that help to shape and strengthen PQMD's Guidelines on best practices for donation and delivery of medical products and services.

"PQMD creates an important connection and forum for accountability between pharmaceutical donors and recipients, ensuring we each uphold high standards and best practices for the benefit of those we serve. Just as importantly, PQMD also facilitates ongoing conversations around development: what works on the ground, what doesn't and how we can work together."

- Jim Cox, Executive Vice President of Health and Emergency Programs, IMA World Health and Lutheran World Relief

“When we meet with physicians working in remote clinics and health outposts around the world, they tell us the medicines from MAP International are “good as gold.” It is because of the work of PQMD that MAP is able to offer this quality guarantee.”

Steve Stirling, MAP International President & CEO

ENHANCED PROGRAMMATIC LEVERAGE AND IMPACT

The relationships that member representatives of PQMD build become partnerships that enable their respective organizations to collaborate, leveraging their strengths for increased impact on beneficiaries and clients.

KEY ROLE IN COORDINATING DISASTER MANAGEMENT RESPONSE

PQMD members play a critical role in responding to disasters, both in the US and abroad. Member representatives share up-to-date disaster response information with each other and help to coordinate their organizational responses efficiently and effectively.

ACCESS TO ONGOING KNOWLEDGE-BUILDING ACTIVITIES

Knowledge-building is a key activity for PQMD. Member representatives have numerous opportunities to participate in educational forums, informational webinars, committee meetings, and other data-sharing activities. Members have unlimited use of members only and open use resources to help them stay abreast of changes in the field, explore emerging issues, and gain other valuable insight to support them as they work inside their own organizations and with other members of PQMD.

The Partnership for Quality Medical Donations

The Partnership for Quality Medical Donations (PQMD) is a unique alliance of non-profit and corporate organizations committed to bringing measurable health impact to under-served and vulnerable people through active engagement with global partners and local communities.

Through five integrated pillars of work, we envision and act towards a higher standard of excellence in medical product donations and health care service delivery, so that geography and economic status are no longer barriers to everyone living a healthier life.

Each year, our members:

- Work in every region of the world, reaching over 180 countries.
- Provide healthcare aid & access to upwards of 50M people around the world.
- Engage 120,000+ volunteers across more than 344 emergencies, domestic and international.

Our Mission

PQMD develops and champions high standards in medical supply and service donations. This global collaboration promotes sustainable access to quality health care in under-served communities and populations in crisis.

Our Vision

Inspiring excellence in medical product donations and service delivery for universal access to health and well being.

PQMD Community of Practice: Connect – Convene - Catalyze

Are you an engaged member of the global health and medical product & device donation community?

We invite to join the PQMD ONLINE Community of Practice, dedicated to sharing knowledge, innovation, and best practices in medical product donations and service delivery to enhance access to health care worldwide.
