PQMD members helped millions of people suffering from Ebola, Sickle Cell Disease, River Blindness, HIV/AIDs, TB, Malaria, an array of neglected tropical diseases, poor nutrition, and many other health challenges in the US and countries around the world. PQMD members and their partners combine product contributions with cash, volunteers, training and other services to support a wide range of global health programs. Members work together with multilateral, national and sub-national governments, other companies and international nongovernmental organizations, to pursue disease elimination as a public health problem, develop healthcare infrastructure, build the capacity of in-country healthcare workers, and fill gaps in local health-related services. We accomplish this through setting and promoting quality standards, disseminating knowledge and influencing policy.
