CENCORA JOINS PQMD, ADVANCING A SHARED COMMITMENT TO HEALTHIER FUTURES

Annapolis, MD. – October 8, 2026 – The Partnership for Quality Medical Donations (PQMD) is proud to welcome [Cencora](#), a leading global pharmaceutical and healthcare solutions organization, as its newest corporate member.

Cencora works across the healthcare spectrum, providing pharmaceutical services, supply chain and logistics expertise, and other solutions that help improve access to critical treatments for people and animals around the world. With more than 51,000 team members operating across more than 50 countries, the company plays a significant role in connecting pharmaceutical innovation, secure supply chains, and care delivery.

“We are thrilled to welcome Cencora to the PQMD network,” said Elizabeth Ashbourne, Executive Director of PQMD. “Their expertise across the pharmaceutical supply chain, combined with a strong commitment to healthcare access and resilient health systems, complements the experience represented across our membership.”

Cencora already works with a number of PQMD member organizations through grantmaking, product donations, healthcare programs, emergency response, and other initiatives. Its longstanding commitment to responsible product donation is particularly aligned with PQMD’s work to expand sustainable access to quality healthcare. In fiscal year 2025, Cencora donated nearly \$2.3 million in over-the-counter products to nonprofit organizations, helping provide medications and supplies to underserved populations and communities affected by disasters and other crises.

“Joining PQMD provides an opportunity to advance our purpose of creating healthier futures alongside the global health community,” said Ken Hardy, SVP of U.S. Supply Chain Operations at Cencora and President of the Cencora Impact Foundation. “We look forward to sharing our expertise, learning from fellow members, and helping strengthen healthcare access and resilient health systems worldwide.”

PQMD looks forward to welcoming Cencora to our network.
